## Preview

Thank you for purchasing my *Mozeley Monster Crew: Find the Factors Game* and *Math Thinking Sheet*. This is a game to supplement your math unit about factors and will help your students practice finding the factors of given numbers. The game has been created using the Widescreen setting. **You must have PowerPoint on the computer/tablet you are using.**

- ***Find the Factors Game***: Has 10 questions within 33 slides. Each question slide links to an Incorrect slide for incorrect answers and a Correct slide for correct answers. This game is made using PPT and saved as a **PowerPoint Show (Read-Only)**.
- ***Find the Factors Math Thinking Sheet***: Includes two sheets- one in color and one in black and grayscale. Your students use this sheet to help them write down their factors. They complete the sheet first and then use the game to check their answers. You can print out the color sheet to use in erasable sleeves at your math center.

I hope you and your students enjoy finding factors with *Mozeley Monster*.

Please read the *Digital Produce Terms of Use*.

Thank you.

*Trista Lanette Pollard, NBCT*

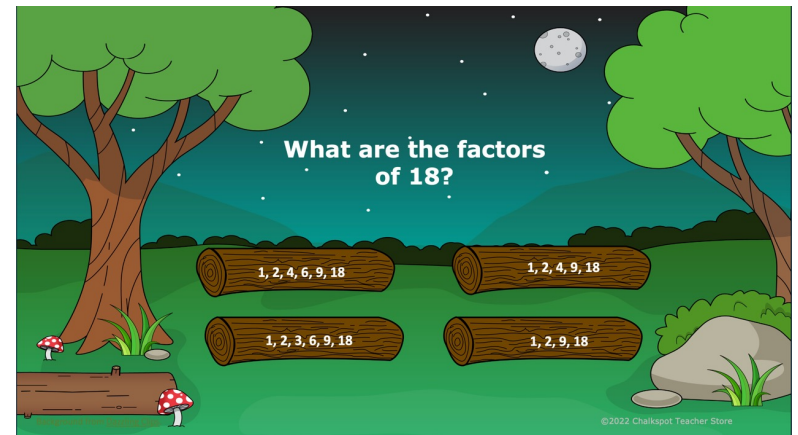

Please remember to leave a rating and follow my store [Facebook](#) and on [Instagram](#).

# Interactive PowerPoint Math Game

- **You must have a PowerPoint to use this resource;**
- When the students click on the correct answer on the log, they will be taken the next slide that shows Mozeley's friend coming to the campsite.
- If they get the incorrect answer, they will be taken to a slide that says they need to try again.

# Mozeley Monster Crew: Find the Factors

## Game Directions

### Before the Game:

1. Use the **Math Thinking Sheet** to write the factors for the ten numbers that are listed.
2. Once you have checked your factors using **Factor Rainbows**, then you can start to play the game to check your answers.

### During the Game:

1. Once you open the Mozeley Monster Crew: Find the Factors file, click the "Slide Show" button (Google Slides) or "Play from Start" on the Slide Show menu (Power Point). This will start the game on the first slide.
2. Click the gray "Open The Game" button to go to the Introduction slide.
3. Read the directions on introduction slide. Once you have read the directions, click the log that says "Start".
4. Remember, you need to click on the log with the correct factors for each number. Follow the directions on the screen to help you continue with the game.
5. The game will be over when all of Mozeley's friends have come to the campground. Good Luck!
